Protein Labeling Kits

All our NHS-Esters can be incorporated into protein labeling kits. The core components of these kits are the CentriSep purification columns from Princeton Separation, Inc. which allow a fast and easy separation of the conjugate from unconjugated dye.

Type of dye	Number of reactions	Protein amount per reaction	Order no.
DY-481XL-NHS-ester	5	100 µg to 1 mg	LK-481-05
DY-481XL-NHS-Ester	10	100 µg to 1 mg	LK-481-10
